

Report:

To:	Adrian Barrett, Senior Engineer, Roads & Environment
From:	Colin Doyle, A/ Senior Executive Engineer, Environment
Date:	14/07/2021
Subject:	Electric Picnic 2021
File Ref:	LIC 2021-01

Having examined the documents submitted, the Environment Section has no objection in principle to the granting of the licence subject to the following conditions;

Waste Management (Food Waste) Regulations 2009 as amended:

- i. Prepare a Food Waste Management Plan for approval prior to the event no later than **30 Days** before the start of the event. A copy of the Food Waste Management Plan shall be made available for inspection for the duration of the event concerned, by the person concerned to any person who so requests, free of charge.

A Food Waste Management Plan shall-

- (a) Provide detailed information in respect of the proposed supply of food at the trade show, exhibition or, as appropriate, event concerned regarding the use, type, quantity, origin, management arrangements and destination of food waste by that producer and
 - (b) Include the steps which the person intends to take to ensure the environmentally sound management of food waste and
 - (c) Contain at least the information set out in Part 1 of Schedule 2 of S.I. No. 508 of 2009.
- ii. The Organiser of the event shall implement the provisions of the Food Waste Management Plan.
 - iii. All food waste receptacles shall be clearly identifiable through labelling and colour coding of the receptacles both at vendor location and throughout the site and campsites.
 - iv. Within **28 days** of the conclusion of the event a Food Waste Management Implementation Report specifying the steps taken in order to comply with the Food Waste Management Plan and the requirements of the Regulations, and the results of those steps, shall be submitted.
 - v. Food waste disposal dockets shall be submitted as part of the Food Waste Implementation Report as evidence. Dockets shall clearly outline the weight of food waste disposed of at authorised facilities.

Waste Management:

- i. Waste Segregation and Recycling shall be carried out by all food vendors/concessions. Food vendors/concessions shall be provided with colour coded and clearly labelled waste, recycling and food waste receptacles. No build up of waste shall occur in these areas.
- ii. Waste Segregation and Recycling shall be carried out throughout the site, including on campsites, with appropriate clearly labelled and colour coded waste, recycling and food waste receptacles. No build up of waste shall occur in these areas.

- iii. Timely delivery of waste receptacles, prior to the event, for employee, contractor, vendor and public use shall be implemented i.e. delivery and placement of waste receptacles prior to campsite opening.
- iv. Each vendor/concession shall be supplied with an adequately sized, labelled and colour coded food waste receptacle.
- v. Vendors/concessions shall have access to adequately sized, labelled and colour coded residual and recycling waste receptacles.
- vi. Ease of access to bin stations for collection and delivery by the Waste Contractor shall be considered by the event organiser prior to positioning waste receptacles.
- vii. All vendors/concessions shall be made aware of the Waste Management Procedure for the event and provided with the contact details of the Waste Contractor/appropriate representative, employed on site.
- viii. Contact details shall be provided for the Waste Contractor and Clean-up Contractor employed on site.
- ix. A full Waste Management Plan shall be submitted **30 days** prior to the event. This plan shall specify the following information;
 - a. Outline the Waste Management practices employed to reduce the amount of waste going to Landfill (e.g. recycling initiatives).
 - b. Identification and clarification of the following -
Waste Sources & Streams
 - Food Vendors Waste Management Practices – Outline separate collection system (food/recycling/residual waste).
 - Waste collection and disposal/recovery sites.
 - Submit appropriate Waste Collection Permit and Waste Facility Permit/License details (name, address and permit number is sufficient)
 - c. As part of the Waste Management Plan, within **28 days** from the conclusion of the event, a Waste Management Implementation Report specifying the success of recycling initiatives employed shall be submitted. Waste/Recycling disposal dockets shall clearly outline the weight of materials disposed/sent for recovery at an authorised facility.

Noise

- i. Noise Management Plan shall be submitted to the Local Authority no later than **30 days** prior to the event.
