

What is the purpose of the grant?

As part of Budget 2024, the Government agreed a package of €257 million for the Increased Cost of Business (ICOB) Grant as a vital measure for small and medium businesses. Local Authorities funded by the Department of Enterprise, Trade and Employment (DETE), will manage the rollout of the grant to qualifying businesses.

The grant is available to qualifying businesses as a contribution towards the rising costs faced by businesses. This is not a rates waiver; rates must continue to be paid to your Local Authority.

How much is the grant?

The grant amount depends on the value of the Commercial Rates bill received by an eligible business in 2023.

- For qualifying businesses with a 2023 Commercial Rate bill of <€10,000, the ICOB grant will be paid at a rate of 50% of the business's Commercial Rate bill for 2023.
- For qualifying businesses with a 2023 Commercial Rate bill of between €10,000 and €30,000, the ICOB grant will be €5,000.
- Businesses with a 2023 Commercial Rates bill greater than €30,000 are not eligible to receive an ICOB grant.

Who can register for the Grant?

Your business must be a commercially trading business currently operating from a property that is commercially rateable and in receipt of a Rates Bill in 2024.

The Local Authority will write to businesses with further information and guidance on how to register for the grant.
