Purpose of Submission: Delisting of building, previously Tom Woods shop, Carrigan Street (Reg. No 12900918)

The shop ceased trading in July 2016 following our retirement. The shop interior has been removed. The premises will not be used in a retail capacity again. The annual insurance costs on the building are significantly increased due to being listed on the NIAH, with most insurance companies in Ireland not willing to insure a listed building. This is impacting financially on us as a retired couple. The building is located on Carrigan Street, away from the town centre.

I request the house be delisted from the NIAH and changed from Commercial use to residential use.

Kind Regards,
Tom & Mairead Woods
